DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Monday, 04 November 2024 at 06:02 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution are forecast for Monday. However, given bonfire and firework activity there is a chance of increased pockets of Moderate pollution overnight.

Tomorrow: Air pollution levels are expected to be widely Low across the UK on Tuesday. There remains an increased chance of Moderate pollution given bonfire night events.

Outlook: Low levels of air pollution are likely to persist through the outlook period across the UK, with a chance of some localised pockets of Moderate at times.
